Continuing Education Opportunities for Health Care Professionals

**PRESENTED BY
MELISSA COLE,
MS, IBCLC
OF LUNA LACTATION**

The field of lactation is constantly exploding with new research and care strategies. It is paramount that birth and healthcare professionals keep up-to-date with their lactation knowledge so they can best serve the families they care for.

We provide:

- evidence-based, cutting-edge lactation education for healthcare and birth professionals
- well-received and engaging workshops, conferences and speaking engagements
- ongoing educational opportunities
- customized in-services, trainings or lectures

Melissa Cole is a board-certified lactation consultant, neonatal oral-motor assessment professional, and clinical herbalist in private practice.

Melissa is passionate about providing comprehensive, holistic lactation support and improving the level of clinical lactation skills for health professionals. She enjoys teaching, researching, and writing about wellness and lactation-related topics. Her bachelor's degree is in maternal/child health and lactation, and her master's degree is in therapeutic herbalism.

Before pursuing her current path, Melissa's background was in education and cultural arts, which has served her well in her work as a lactation consultant and healthcare educator. She loves living, working, and playing in the beautiful Pacific Northwest with her children.

TESTIMONIALS

"Well done Melissa! Yours was the best online course I took all year and I'm using what I learned with all my clients."

"Overall, great tips I can use for improving mother/baby dyad assessment of feeding challenges and implementing evidence based practices. Great topics and a wealth of useful information!"

"The need for sensitivity was felt in Melissa's voice within the presentation - a role model of how to speak as well as what is most needed to be heard. Very well done. This will immediately be put to use.

Thanks!"

"This conference was wonderful. Melissa Cole was terrific and presented material that is extremely applicable. I will be better able to assess tongue tie and gut issues. I am better able to ask the correct questions, develop a treatment plan, and figure out the referrals to be made."

"Excellent presentation!!! Best BF conference I have attended in a few years. Great slides. Loved the videos. Should be so helpful implementing this info in my practice. Thank you!"

"Very much enjoyed Melissa's presentation. Intelligent and caring provider!!"

"Wonderful, engaging, and interesting. I loved Melissa's perspective, experience and openness to alternative therapies. Thank you!"
